### TRACK 1: Advances in Planning Theory

**The Commons in the Planning Practice: The Pastures of Supino**  
*Michele Vianello – IUAV Venice School of Architecture, Italy*

### TRACK 2: Planning for Gender

**Spatial Features of Senior Population in Wuhan and its Planning Implication**  
*Gu Hao – Tongji University, China*

**Study on fair disposition of urban and rural resource elements in economically underdeveloped areas: take the example of experimental zone on urban-rural integration in Hubei Province, China**  
*Yi Luo – Shanghai Tongji urban planning and design institute, China, Hong Geng – Huazhong University of Science and Technology, China*

**Where are the White Poor in America? Race, Class, and Space**  

### TRACK 3: Environment Energy and Climate Change

**The use of backcasting scenario for planning adaptation to climate change in sub-Saharan urban areas**  
*Giuseppe Faldi – Sapienza University of Rome, Italy*

**Using Remote Sensing Technologies for the research of the transformation of ecosystems (case study Lake Sevan basin)**  
*Vahagn Muradyan, Shushanik Asmaryan, Tatev Hovhannisyan – The Center for Ecological-Noosphere Studies of the National Academy of Sciences, Armenia*

**Flood risk and adaptive planning**  
*Barbara Tempels, Luuk Boelens – Ghent University, Belgium*

### TRACK 4: Housing Regeneration

**Natural Disasters: Relocation and Quality of Life. An Objective and Subjective Approach. The Case of the 2007 Flood in the City of Villahermosa, Mexico**  
*Roberto Cantu – Texas A&M University, US*

**Rebuilding Social Organization in Low-income Neighborhoods**  
*John Lattimore – Clemson University, US*

**Multi-Family Developments vs. Equity in Zoning Free Houston**  
*Liza Powers, Juan Sorto - Texas Southern University, US*

**Community Gardens in Prague: Community Development or Hipster Fashion?**  
*Jan Richr – Technical University in Prague, Czech Republic*

**Sanctions, the socio-political and economic crises and its impact on housing provision in Iran: changing in modes of Tehran housing supply**  
*Reyhaneh Sadat Shojaei – The University of Sheffield, UK*
**Neighbourhoods, Take Two: An Innovative Decentralization Process in Palermo**  
Filippo Schilleci, Paola Marotta, Marco Picone – University of Palermo, Italy

**Large-Scale Urban Development Projects – European examples**  
Magdalena Wagner – Wroclaw University of Technology, Poland

**Rules of temporary re-use of dismissed areas: a way of thinking the city of tomorrow.**  
Ianira Vassallo – University IUAV of Venice, Italy

### TRACK 5: Transport and Infrastructure Planning

**Pedestrian Planning Tools for Use in Travel Demand Modelling**  
Kelly J. Clifton, Patrick A. Singleton, Christopher M. Muhs – Portland State University, US

**Measuring the sustainable mobility potential of neighbourhoods in the city-region**  
Jorge Gil – Delft University of Technology, The Netherlands

**High Speed Rail in Canada and the United States: The Political Ecology of a Missed Opportunity**  
Charles Hostovsky – Catholic University of America, US, Shen-Hao Chang - University of Toronto, Canada, Elizabeth Bezilla – Catholic University of America, US

**Real number of road traffic accident with injured children in Germany - record linkage different data sets**  
Miriam Schwedler, Tanja Leven – University of Wuppertal, Germany

**Safe and secure event traffic in Germany**  
Anne Timmermann, Miriam Schwedler – University of Wuppertal, Germany

### TRACK 6: Governance Institution and Civic Initiative

**Governance of large scale Urban Development Projects: The case of Noordelijke IJ Oevers, Amsterdam**  
Sebastián Bhatt, Roberto Rocco – Delft University of Technology, Netherlands

**Community engagement assessment: What is the return on investments?**  
Pat Crawford – Michigan State University, US

**The Making of Sheffield's "Cloud City": Institutional trust, the Public and Open Data**  
Annie Cruz-Porter – The University of Sheffield, UK

**Restructuring and Resilience: Lesson-drawing and Governance in Northern Ireland**  
Emma Farnan – University of Ulster, UK

**American Exceptionalism: Fragmented Governance and the Proliferation of Sprawl**  
Bryan Grady, Judd Schechtman – Rutgers University, US

**Overcoming brownfield barriers to urban manufacturing: Comparative study of policy networks and changing local economic development strategies in U.S. cities**  
Nathanael Hoelzel – Georgia Institute of Technology, US

**How Does Environmental Conflict Resolution Travel from One Planning Context to Another?**  
Jonna Kangasoja – Aalto University, Finland, Lasse Peltonen - Finnish Environment Institute, Finland

**A new role for the planner in neighborhood development: A case study from Malm, Sweden**  
Sandra Karlsson – KTH - Royal Institute of Technology, Sweden

**Assessing Shrinking City Models: Focus on Strategies for Citizen Participation**  
Joongsub Kim – Lawrence Technological University, US

**Assessment of Community Resiliency using the CCRAM? A resource for decision makers**
Beyond the Communicative Turn: Analysis of Spanish-Language Practices in Chicago’s 49th Ward’s Participatory Budgeting Process
Jose Melendez – University of Illinois at Chicago, US

Governance follows function? Urban-rural linkages in sustainable land management
Annegret Repp, Jana Zscheischler, Thomas Weith – Leibniz Centre for Agricultural Landscape Research, Germany

From regional identity to shared responsibility. The relevance of identity as a strategy for regional development
Marloes van der Weide, Willem Buunk – Windesheim University of Applied Science, The Netherlands

A neo-institutional analysis of local governance responses to spatial fragmentation
Hendrick Van Geel – Artesis Hogeschool Antwerpen, Belgium, Tom Coppens – University of Antwerp, Belgium, Lise Loots – University of Antwerp, Belgium

Examining the functioning of Municipal committees for Spatial Planning (GECORO's) in Flanders

Property Institutional Dilemma Under the Socio-Economical Transformation Context? A research for the planning of One Historic Neighbourhood in China
Yifeng Yao – Politecnico di Milano, Italy

TRACK 7: Land Use Policy and Planning

Tow? – the only way: a method for general settlement and land use planning
Manuel Costa Lobo, Marco Couto Rodrigues, João Pedro Reis – Universidade Técnica de Lisboa, Portugal

Tourism development strategy or just signage? Road administration policies and designation procedures for tourism routes in Scandinavia
Jens Kr. Steen Jacobsen – Institute of Transport Economics & University of Stavanger, Norway, Hans Antonson - Swedish National Road and Transport Research Institute, Sweden

TRACK 8: Innovation in Planning Education

Brussels’ watersheds as catalysts of urban development: towards a water sensitive city
Catalina Codruta Dobre, Nadia Casabella – ULB Faculty of Architecture La Cambre-Horta, Belgium

TRACK 9: Design and History of the Urban Environment

Towards a Functional Typology for Successful Public Spaces in Chinese Residential Neighbourhoods
Andrew Armbruster – Tongji University, China

A design-oriented approach to the Walloon compact-city policy
Céline Bodart, Arie de Fijter, Axel Fisher, Marc Goossens, Rita Occhiuto - University of Liège, Belgium

Contest Urbanism: Meaning and Manifestation in Community Garden Design
Cristina Delgado – University at Buffalo, US

Lisbon University: a resilient space within the city?
José Ferreira, João Pedro Reis, Jorge Manuel Gonçalves – Universidade Técnica de Lisboa, Portugal

Case Study: Soundscape Based Analysis of Proposed Urban Development Impact Utilizing Soundwalks
Adam Galatioto, Jennifer Nelson, Kai Wu, Huajing Huang -- The University of Florida, US

The urban park system heritage having been left by the expanding city: the case of Shenyang City, China
Hui Li – The University of Tokyo, Japan
